What is OneVoice?

The OneVoice Movement is an international grassroots movement that amplifies the voice of mainstream Israelis and Palestinians, empowering them to propel their elected representatives toward a two-state solution. The movement works to forge consensus for conflict resolution and build a human infrastructure capable of mobilizing the people toward a negotiated, comprehensive and permanent agreement between Israel and Palestine that ends the occupation, ensures security and peace for both sides, and solves all final-status issues in accordance with international law and previous bilateral agreements.
